Public transport: Barnes Bridge Station
(South West Trains from London Waterloo)

Directions

The best way to get there is by **train to Barnes Bridge Station** (from Waterloo, Vauxhall or Clapham Junction). From the station (see map):

- Cross the footbridge alongside the railway and go down the steps at the far end;
- At the bottom of the steps turn left (not straight on along the river - if you come to the Civil Service Rowing Club boathouse, you've gone the wrong way).
- After about 100 yards, bear right, cross the road and walk along a narrow path (not the road) just before the wall of the private sports centre - a CSSC sign at the beginning of the path points along the path to the Civil Service Sports Ground.

If you're **coming by car**, Riverside Drive is a turning off the main A316 road. Coming from the A4 at Hammersmith/Chiswick, it's the second "real" traffic lights - if you get to Chiswick Bridge you've gone much too far. Coming northwards up the A316 from Richmond, turn right at the second traffic lights after you've crossed Chiswick Bridge. The Sports Ground is the last entrance on the right before you get to the Embankment.
